The Great . emonstration at Rahway-Speech by Commodore Stackton.-There was held at Rahway, on Wednesday evering last, one of the largest political domenstrations ever held in East Jersey at their tree speech swim derivered h He. U salander and Suctor Low love of Nov York, Davel Paul Boown, Esq. Mr Rogeroun, and Com In dop Stacking.

We arrow the remain of the latter as given in the New York Express: COMMODORE STOCKTON'S SPEECH.

Commedore Stockton then tank the platform a mid eathusiastic cheering -(Cres of give him room, clear the quarter dick, &c.) Men of the American party, said he, for twenty years and more I have watched over the preservation and glory of your principles. (Cheering) It is not strange, then, that I have your principles. Friends of the labor ing man of the North and the Southfriends hound together by the same hopes, let this Umon be broken into fragmen's and one scene of wo will till this country. The union of these Statesupon it depends the glory of our conntry and its preservation; but, fellow citizens, Americans, I don't come here tonight for deciamation. I will not multiply words without wisdom. We have in New Jersey men whose living depends upon their party. We have got an army of office scekers to oppose. However, I am happy to think we have few disunionists among us. The people of belongs to his party. Therefore, when The Washington Union, in an elaborate New Jersey cherish no sentiments that patriotism cannut honor. I further say that New Jersey will give her vote for Fillmare. (lannense cheering.)

All we have got to do is to hoist our flag and the people will follow. All parties agree that there is great danger to the country, but they differ as to the means of remedying the evils. It is supposed by many that the institutions of our country are to pass through a severe ordeal. For my own part, I am littled with anxiety for the future. The ques tion of slavery has unnecessarily been agitated anew by the repeal of the compromise. The national honor has been tainted, and we are threatened with demoralization of principle. We are thrown back to the fearful agitation of 1520. What was the inducement, pur tatters had to pass the Missonri Compranase. The confining of slavery within thirteen Scates. Fearful passions were excited the wisest, most portotic Webster, Lla, and a host of Cal mun. sters, determined that he agrain. must be subdeed then and has ver. And what do they say? that it was a mere act of Cargress? It was no act of Congress-it was an interpretation of the Constitution made for expediency and for the best purpose.

Losk the gentamen Democrats, what remedy do they propose in the matter of slaves? what do the Buch'n men advise: The country is not to be settled by electing either Buchanan or Frement. There is no two sides to this question. They have repealed the Missouri Compromise and they propose no substitute. This constitutional question remains the same something must be done to aila; the excitement. You must satisfy the North, you must satisfy the South, and you by the members of the Democratic party, gives time, names, and places and vouches for want a g od man to do it, and that man is Millard Filtmore. (Cheers.) The South has defied the North to the contest and the North bas accepted the issue. In this condition of affairs the American party is the only one from which a national candidate car be pre- in detail the reasons why they cannot sented to the people. Our candidates support the Buchanan ticket. When I bink of this master I sometimes rub my wes and imagine it a dream, that sake ben could act in such a manner. The M -s un Compromise was intended to se me prace. A frateicht war has alr dy easuel from its repeal, and the blood of brothers is saioking from the ground. There is one thing plain, and instes, that the whole North considered the Misso at Compagnise as a compat of him or. The people of New Jersey, by v cing against Fremont and Buchanan, will give a proper expression of opunion on the subject of the Compromise. It remains alone for the American party

I have felt an inter abhorrence for such principles as Frement advocates. Mr. Fillmore is the man for the crisis; fulsame eulogium is disgusting to me, but I point to Mr. Fillmore's acts as a guarantee for what he will do hereafter. He has been President, and is the only man who has retired from office with credit in a number of years, and left the country in a good condition. (Cheers) We have got Mr. Pierce;-go and ask his hest friend what he thinks of him. It is too much to allow such men to rule the destinies of a country. Take another man-J. C. Frement. If be is an honorable man he must be an abolition-1st. It was am ising to hear Mr. Gurfield tickle the ears of some of his democratic hearers on Friday night in his calculations of Buchman's strength. The movement of the Democrats in favor of Fremont is becoming an infection, and is spreading all over the country.-In McKean county, Pennsylvania, a voluntary movement has been made resulting in a thorough Fremont organization in every township of the county. No CHANCE. - Buchanan has no earth-PURITY. - Young ladies should guard by chance of being elected. His friends a Fremont man or a Democrat in 1857, themselves against undue familiarity, are deserting him in every section. The I have no sympathy with those who say however innocent. Purity, that blushes news-papers devoted to his support are the country is not in jeopardy, and if it unconsciously, like the summer rose, is dying out, or going over to Fremont. Among others, the "Sen inel," the Buchanan organ at Washington City, has died. He is a goner; and the man of in anan can be elected, must be willfully which he knows to be otherwise.

The widely renowned S. S. STEVENS, M. D., of Wentworth, N. II., writes,—

"Having used your Carragente Pills in my practice, I certify from experience, that they are an invaluable purgative. In cases of disordered functions of the liver, causing headache, imligestion, contiveness, and the great variety of diseases that follow, they are a surer remedy than any other. In all cases where a jungative remedy is required, I confidently recommend these bils to the public as superior to any other I have ever found. They are sure in their operation, and perfectly safe—qualities which make them an invaluable article for public use. "Your File have cured me from a bilious attack which arose from datage ment of the Liver, which had become very serione. I had failed of any relief by my Physician, and from every removy loudd try; but a few doses of your Fills have completely restored me to health. Read this from the distinguished Solicitor of the Supreme Court, whose braumant addities have neede him well known, not only in this but the neighboring States.

"New Crience, 2th April, 1854.

"Six: I have great estimation in assuring you that myself and family have been very much temefited by your medicines. My wife was cured, two years since, of a severe and daugerous cough, by your Chemry Perchant, and since then has enjoyed perfect beath. My children have several times been cured from attacks of the Influence and Croup by It. It is an invulnable remedy for these complaints. Your Catharric Philis have entartly cured me from a dyspateia and continenss which have grown upon me for some years: indeed, this cure is much more important, from the fact that I had failed to get relief from the best physicians which this section of the country affords, and from any of the numerous remedies I had taken.

"Dn. J. C. Afer. Removed für: I have made a therough trial of the Caffartic Pills left me by your agent, and have beer cured by them of the dreadful Rhemmitien under which he found me suffering. The first dose relieved me, and a few subsequent doses have entirely removed the disease. I feel in better beath now than for some years before, which I attribute entirely to the effects of your Caffartic Pills.

Yours with great respect.
